About us	54

STEADYSTAND®

High quality materials and innovative details makes the Acebikes SteadyStand® the most reliable way to park your motorcycle.

- ⊕ Special rubber feet to prevent sliding
- ⊕ Durable, high quality powder coated material
- ⊕ The secure locking system on the front wheel provides maximum stability

15-19 inch

90-130 mm

STEADYSTAND®

SCOOTER

PARKING

With the SteadyStand Scooter your scooter will be parked in a super stable, immovable position within seconds. Very useful for performing maintenance work on your scooter or just because you don't like jacking up the scooter with the main stand.

- ⊕ Easy to move because of the convenient handle
- ⊕ Durable, high quality powder coated material
- ⊕ Specially designed and engineered for scooters

10-13 inch

80-120 mm

STEADYSTAND®

MULTI

PARKING

With the Acebikes SteadyStand Multi your motorbike is firmly anchored in seconds and is fully adjustable for almost any type of motorcycle front or rear tyre without any tools.

- ⊕ Special rubber feet to prevent sliding
- ⊕ Completely adjustable without tools
- ⊕ Suitable for almost any motorcycle front or rear tyre size

15-21 inch

90-200 mm

STEADYSTAND®

FIXED

The galvanized Acebikes SteadyStand® Fixed is designed to make clever use of gravity and can easily be mounted onto the floor of a trailer or van.

- ⊕ Anchorable on any hard surface
- ⊕ Galvanized for durability
- ⊕ Includes mounting hardware

10-19 inch

90-130 mm

AGE

STEADYSTAND®

FIXED SCOOTER

TRANSPORT

The only thing left is to put the straps onto your scooter for a total secured position. The galvanized Acebikes SteadyStand® Fixed Scooter can easily be mounted onto the floor of a trailer or van.

- ⊕ Galvanized for durability
- ⊕ Anchorable on any hard surface
- ⊕ Specially designed and engineered for scooters

10-13 inch

80-120 mm

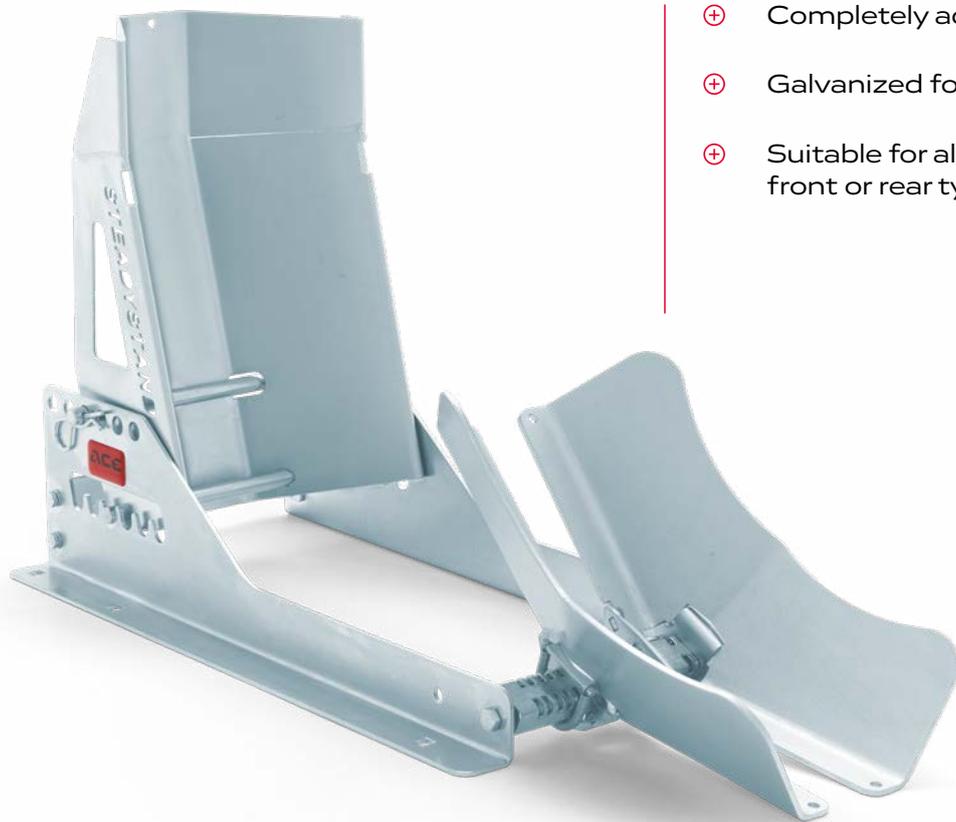

STEADYSTAND®

MULTI FIXED

TRANSPORT

The galvanized Acebikes SteadyStand Multi Fixed is designed to make clever use of gravity during transport and is fully adjustable for almost any type of motorcycle front or rear tyre without any tools.

- ⊕ Completely adjustable without tools
- ⊕ Galvanized for durability
- ⊕ Suitable for almost any motorcycle front or rear tyre size

15-21 inch

90-200 mm

STEADYSTAND®

CROSS

The galvanized Acebikes SteadyStand® Cross is especially developed for enduro and dirtbikes and is the ultimate help during transport on trailers, pickups and vans.

- ⊕ Secure foot pedal lock-system
- ⊕ Keyholes in the sideframe for easy removal
- ⊕ By using the SteadyStand® Cross, you will only have to use tiedowns to secure the rear end of your motorbike

18-21 inch

90-120 mm

STEADYSTAND®

CROSS BASIC

TRANSPORT

The SteadyStand Cross® Basic makes clever use of gravity, which will ensure your dirtbike from not moving or leaning over when you are securing your dirtbike on a trailer, pick-up or van.

- ⊕ Durable galvanized materials
- ⊕ Specially developed for Enduro and Dirtbikes
- ⊕ Holds the Dirtbike upright for easy lashing and securing

18-21 inch

90-120 mm

STEADYSTAND®

CROSS FLEX

The Acebikes SteadyStand® Cross Flex offers maximum flexibility for every dirt bike and enduro rider. Whether you need upright parking without a kickstand, a stable position for maintenance and cleaning, or secure support during transport.

- ⊕ Keeps the motorbike perfectly upright
- ⊕ Quick and simple to place and remove the bike
- ⊕ Strong and stable construction based on proven SteadyStand designs

18-21 inch

90-120 mm

ABOUT US

Acebikes is a Dutch company, founded in 2007, specialised in designing and developing innovative accessories for every type of motorcyclist.

With years of experience in the field of motorcycle transport, there are several products that facilitate the life of a motorcyclist. Quality, ease of use and constant innovation are the key words when it comes to Acebikes products. That is why we see our products not only as a product. We see them as a complete solution. Anno 2025 Acebikes is ready for the future, where we respond to the needs of today's motorcyclist through constant research and user experience.

OUR GOAL

Our aim is to help all types of motorcyclists with their transport, parking and manoeuvring needs. Whether you ride an enduro, racer, cruiser, scooter or tourer. We want to make all the products you need, with the best quality.

We'll get you there!
